Cable Ship Should Be OFF THIS PORT Early In Coming Week

Mr. Gains of the Pacific Commercial Cable Company was seen this morning at the offices of the company in the Young building. Asked if he had heard anything about the trouble in connection with the cable at the other end of the line, he said that he had not received a line with reference thereto. Continuing, he said: "This makes me sure that there is nothing at all wrong with the Silvertown or the cable."

"The Silvertown was to have started out on the 12th inst. but was delayed two days on account of the rough weather. Of course, you know that such a thing is likely to happen at this season of the year, and the shore part of the cable being the most delicate to lay, it was necessary that good weather should be awaited."

"However, from the recent advices, you see that the ship is well on her way. From reading the dispatches, the shore part of the cable has evidently been finished and the cable ship is now on the ocean part."

"I cannot make any estimate as to when the Silvertown should arrive in Honolulu. As you see, the vessel was delayed two days on the Coast, and further bad weather on the way may delay her. I should not like to say just when the Silvertown should be here, for, as I said before, everything depends on the weather."

According to the dispatches, the Silvertown should be in Honolulu at least during the early part of the week and perhaps at the end of the present week. At all events, she will certainly be here in time to receive from the outer world the news of the beginning of the New Year.

San Francisco, Cal., Dec. 16.—At 1:58 o'clock the following message was received from the Silvertown:

NOON—Two hundred and forty knots off the coast in a heavy sea. Rain during night, but clear today. Speed, seven knots. Everything going well.

San Francisco, Dec. 16.—Out among the sand dunes that border the Pacific, snuggled down out of sight of the south side life-saving station and the passing trolley cars, a little band of men from the Silvertown at the cable "hut," continually feeling the electrical pulse of the wire which is slowly paying out toward Honolulu.

The operators take turns at recording testing signals from the ship through the twenty-four hours, showing that all is well, while others watch the blinking little demon of a mirror galvanometer in the corner, whose duty it is to speak by flashes of light for any electricity on board ship. Here they will eat and sleep and live until the cable is landed at Honolulu and thirty days' further time has elapsed and the contractors turn the plant over to the cable company.

Just before midnight Sunday, and after messages of congratulation had been sent to the chief of the electrical staff on board the Silvertown from President Mackay of the cable company, and to the captain from Professor A. G. MacAdie of the United States Weather Bureau, forecasting weather conditions, the light on the ivory scale of the mirror galvanometer began to dance crazily, and while one of the operators watched the tiny will o' the wisp and translated aloud its strange antics another penned the words as they were repeated. It was the first connected message received over the cable, and announced the perfection of arrangements and the probable hour of starting in the following words:

"Clarence H. Mackay, San Francisco, Cal.—Everything O. K. Start paying out about midnight. We send best wishes for pleasant ride home."

"SILVERTOWN. "Off Ocean Beach, Cal., December 14, 1902, 11:30 p. m." Then at 2 o'clock yesterday morning, two hours after the estimated time, the Silvertown steamed away on her history-making voyage. Mile after mile of the cable reeled off and sunk to its resting place where the mermaids sport, and with monotonous regularity testing signals were exchanged between ship and shore. All night long an operator sat in the hut making and

SHIP REGISTRY CASE

W. C. PEACOCK'S ANSWER SEVERELY DEALT WITH

INDIFFERENT OATH-TAKING RE-
ROBATED—SHIPPING PROTEC-
TION LAW MUST BE
OBEYED.

Judge Estee delivered a preliminary decision in the Julia E. Whalen shipping registry case this morning in the United States District Court. His Honor granted the motion of District Attorney Breckons to strike out the greater portion of W. C. Peacock's answer.

The court strongly reproached the proverbial "custom house cath." Judge Estee regarded the doubts expressed by the respondent as to his own citizenship as sham, immaterial and irrelevant. "Every man was supposed to have a country and to know his own country. The matter of the answer denying knowledge of any foreign ownership in the schooner Julia E. Whalen was also stricken out."

Judge Estee emphasized the importance of the laws made to encourage and foster American shipping, making it plain that in his court these will be enforced with as much strictness as any other of the Revised Statutes of the United States.

WILL APPOINT NEGRO

Washington, Dec. 16.—While no official announcement has been made, it is understood that the President has decided to appoint Dr. W. D. Krum, the colored applicant, as collector at Charleston, S. C.

LIQUOR TO A MINOR.

In the Police Court this morning James Burke, a bartender in the Royal Saloon, was fined \$250 for selling liquor to an apprentice from the Solace, who was under the legal age. The defendant pleaded guilty. Attorney Lorin Andrews, who appeared for the defendant, asked the court to deal leniently with the defendant, who had not willfully violated the law. He was a stranger in the country and did not know the law in question. Furthermore, he had asked the sailor in question his age and the sailor had told him he was eighteen.

Judge Wilcox stated that there was only one penalty prescribed by the statute, namely \$250, and he would consequently have to impose that fine. Mr. Andrews stated that the court could suspend sentence and asked that that be done.

Judge Wilcox stated that the only way in which sentence could be suspended was on a motion by the prosecution with the consent of the court. High Sheriff Brown said that not only was the prosecution unwilling to move for suspension of sentence but would ask that the fine be imposed. Judge Wilcox stated that although he was sorry to do it, the statute in question allowed the judge no discretion in the matter and fined Burke \$250. Mr. Andrews noted an appeal.

Attorney Strauss this morning withdrew the motion for a jury trial in the case of Ah Poi, charged with violating the sanitary regulations of the Board of Health. The case was tried in the Police Court and the defendant fined \$5.

After considering the evidence over-
night, Judge Wilcox this forenoon dis-
charged Tom Ryan, the sailor of the
Solace, who was arrested on the charge
of having stolen a gold watch from C.
H. Hall, the other night.

Herr Nolte treated the patrons of the
Beaver restaurant to stuffed turkey
and cranberries for today's lunch.

IRWIN & CO. EXPECT SIERRA IN TONIGHT

W. G. Irwin & Co., the local agents of the Oceanic Steamship line, have received advices from San Francisco by the steamer Nebraska, which leads them to believe that the Sierra can be expected to arrive here either tonight or early tomorrow morning. The vessel will bring a very large Christmas mail.

Irwin & Co. have received from San Francisco the following list of passengers who have secured accommodations on the Sierra for the present voyage: H. S. Fisher, R. D. Willard and valet, M. A. Davis, B. T. Kinney, P. Davis, J. A. Jacobs, C. F. Scholl, Mrs. Scholl, G. N. Batchelder, Miss J. Connell, Miss Vanderhorst, D. McEwen, Dr. T. Welch, Mrs. J. M. Coulson and two children, E. Horn, S. Peters, Judge Filman, Mrs. C. F. Peterson and child, Chas. N. Nelson, Mrs. Nelson and maid, C. N. Nelson, Jr., Mrs. Hawk, Mrs. R. D. Walbridge and child, C. W. Hamm, Mrs. von Hamm, C. M. Davidson, Mrs. Davidson, H. B. Palmer, G. N. Wilcox, G. W. Wilson, T. B. Hutchins, Miss Hutchins, Mr. Lowe, B. F. Dillingham, Dr. White and Mrs. White, W. A. Love, J. K. Burkett, Mr. Humber, T. W. Grimwood, Geo. Sever.

CUBAN PROTOCOL

Washington, Dec. 16.—General Bliss, who was sent to Havana to aid Minister Squiers in drafting a reciprocity treaty between the United States and Cuba, reached Washington this morning and delivered to Secretary Hay the treaty signed in Havana last week. It provides for a 20 per cent reduction in the tariff charges on Cuban products entering the United States and heavy reductions on American exports to Cuba.

Anti-Japanese Law Is Turned Down

Victoria (B. C.), Dec. 15.—The British Columbia Government was advised this morning that the Dominion Government had disallowed the recent British Columbia anti-Japanese legislation, including the coal mines regulation act, which is aimed at the employment of Japanese in mines and the British Columbia immigration act, similar to the Natal act, which makes only those Japanese who can pass an educational test in English admissible to the province.

LEHUA TO KAMALO.

The steamer Lehua arrived from Molokai at 6 o'clock this morning. She was later than usual, as she took a shipment of cattle from Molokai Ranch, the first taken by her this season. The Lehua brought 27 head cattle, 5 cords wood, 50 bags taro and 32 packages sundries.

The Lehua will start for Maui, Molokai and Lanai ports this afternoon at 5 o'clock. She will stay over Christmas Day at Kamalo, where the season is to be celebrated in great style, a baseball game between a Molokai and a Honolulu team being among the attractions. The Lehua will take the members of the Honolulu nine over this trip. President Wright of the Wilder Steamship Co. and wife will also be among the passengers for Kamalo.

CHRISTMAS EVE AT GRANDPAS.

The Christmas entertainment of the Christian Church will be given Friday night this week. The principal feature of the entertainment will be a Christmas cantata, "Christmas Eve at Grandpas." All the children of the school at all the members of the church are urged to be present. Any others who would enjoy the entertainment are invited. There will be a treat for the children of the Bible school.

CHIEF CLERK'S BOND.

Clarence M. White, Chief Clerk of the Public Works Department, filed his bond in \$10,000 today, with L. H. Dee, J. A. Hughes and Henry Davis as sureties.

BISHOP DOCK DOLPHIN

PERMISSION GRANTED FOR ITS CONSTRUCTION

CONVENIENCE FOR SHIPPING AND
INCIDENTAL PROTECTION TO
THE HEALANI BOAT
HOUSE.

Permission has been granted to the Bishop Estate to construct a dolphin at the entranceway of its dock.

Marston Campbell, Assistant Superintendent of Public Works, reported as follows on the work to H. E. Cooper, Superintendent of Public Works: "I have interviewed the senior pilot, Captain Lorenzen, and A. F. Fuller, Harbormaster. They both consider the dolphin a necessity and advantage to vessels docking. The dolphin will also act as a protection to the Healan boat house and float stage. I would recommend that permission be granted to construct the dolphin as follows. The dolphin to be of seven piles projecting 12 feet above mean tide, center to be on harbor line and 15 feet makal of the intersection of the line of Bishop wharf projected to harbor line."

CORNWELL-COLVIN

Col. Wm. H. Cornwell of Maui and Mrs. Josephine Colvin of this city were married at the home of Mr. and Mrs. A. A. Braymer on the Plains this forenoon. They will take the afternoon train for Haleiwa Hotel at Wailua, there to spend their honeymoon. The ceremony was private in its nature, there being present only members of the family and a few very intimate friends.

ITALY JOINS ALLIES

Washington, Dec. 16.—The Italian Ambassador today called at the State Department and advised Secretary Hay that Italy had joined the allies in the operations against Venezuela. He requested that Mr. Bowen assume charge of Italian interests in Venezuela, and the Secretary granted his request, subject to the approval of Venezuela. Italy enters the combination on the same plane as to abstention from territorial seizures as Germany and Great Britain.

DISCUSS VENEZUELA.

London, Dec. 16.—Premier Balfour presided at a Cabinet meeting held at the Foreign Office at noon today. The Venezuelan crisis and the King's speech at the proroguing of Parliament were the principal matters considered.

MAUNA LOA AND KINAU.

The following wireless message was received by the I. I. S. N. Co. from Lahaina this morning: "Mauna Loa arrived here at 7:26 p. m. and Kinau at 8:21." The Mauna Loa left Honolulu about twenty minutes later than the Kinau, so the telegram tells its own story.

BISHOP GULSTAN STRONGER.

The following message was received from the bedside of Bishop Gulstan at 1:15 o'clock today: "The Bishop is very comfortable, resting free from pain. Is taking nourishment well and has gained a little in strength." (Signed) GEORGE HERBERT.

Colored popcorn sugared 10c a quart at the New England Bakery.

Rainier and Primo beers on draught at Criterion. 10c a glass.

Christmas Day Exercises IN THE CHURCHES That Will Attract Public

From the activity that has been noticed in the various stores of the city during the past week and particularly today, there will be many happy hearts in the city tomorrow. Inquiry was made at the various principal business establishments of the city today and in nearly every case it was stated that business was far better this year than ever before. A proprietor of one of the large department stores of the city said to a Bulletin reporter: "There has been more money spent in our place this year than on any previous Christmas, and the people all seem to be in a very happy frame of mind. I have during the past week or so seen more ten-dollar gold pieces than ever before in my life except perhaps in the mint."

There will be but very little going on tomorrow outside of the regular services at the Episcopal and Catholic Churches and a Sunday school Christmas tree here and there, for people will be altogether too busy with happy events in their own homes to care to wander abroad.

The church services during the day will be as follows:

St. Andrew's Cathedral, at 6, 7 and 10 a. m. Hawaiian services at 9 a. m. and 3:30 p. m.

St. Clement's Chapel, at 7 and 10 a. m.

German Lutheran Church, at 5:30 o'clock. There will be a Christmas tree celebration in connection with this service.

Catholic Cathedral, Low Mass at 4:30 a. m. and High Mass at 10:30 a. m. At 7 o'clock in the evening will come the benediction.

At St. Augustine's Chapel, in Waikiki, the regular services will take place at 8:30 o'clock and at the Church of St. John the Baptist, in Kalihi, there will be Low Mass and Holy Communion at 7 o'clock.

In the afternoon at 3 o'clock, the band will give a concert in Thomas Square.

In the evening there will be a Christmas tree entertainment in the Portuguese Protestant Church, on Punchbowl street.

INTERESTS OF AMERICA SAFE

New York, Dec. 14.—A dispatch to the Tribune from Washington says: Popular apprehension that succeeding stages of the Venezuelan situation must inevitably result in intervention by this country to preserve respect for the Monroe doctrine, so far as that apprehension is voiced by Senators and Representatives, has been dispelled in a great degree by the assurances members of Congress have received from President Roosevelt and Secretary Hay that this Government is neither likely to have its interests jeopardized nor to become actively involved under any contingency that can at present be imagined.

Without disclosing the extent of the understanding which has been firmly established between this Government and the European nations directly concerned, or the precise nature of the final settlement of the controversy, beyond a distant intimation that there will be an eventual resort to the Hague court, the State Department has satisfied the members of the Foreign Affairs Committee of both houses of Congress that reliance may be implicitly placed in the President's thorough safeguarding of American principles, and that an efficacious solution, that promises to be altogether pacific as far as the United States is concerned, is practically assured.

Marconi Expects to Startle the World

New York, Dec. 12.—A dispatch to the World from Halifax, Nova Scotia, says: It was announced today in a semi-official way that Marconi has another invention which he expects will startle the world. When seen tonight Marconi said that nothing whatever will be given out concerning his new invention until after he has completed the wireless telegraphy experiments here.

News was received here today from

SECRETARY HAY ON "PEACE BLOCKADES"

Washington, Dec. 15.—A special to the Hearst papers says: Secretary Hay has sent notes to England and Germany that this country will not consent to their apparent interpretation of a "peaceful blockade." The United States does not consider that a "peaceful blockade" means the bombardment of towns and sinking of ships and the establishing of a coaling station on the American continent. Secretary Hay has demanded an answer so that the nations may know that the United States is in this matter to stay. There are indications that England is preparing to abandon Germany in Venezuelan matters.

California's "Plague" Is Chicken Cholera

San Francisco, Dec. 12.—The Call says that Dr. A. H. Glennon, the accredited representative of the United States Government, is preparing a report to Surgeon General Wyman, of the Marine Hospital Service at Washington, D. C., to the effect that there has never been bubonic plague in California. Dr. Glennon's report will go further and declare positively that after a thorough and exhaustive investigation, the bacillus supposed to be of the plague is that of chicken cholera, a comparatively harmless disease.

MONTANA FILIBUSTERS.

Butte, Mont., Dec. 16.—It is stated on what appears to be good authority a filibustering party is being organized here to go to Venezuela. At least one armed company, crack shots and old mountaineers will go south in a few days. A number of Spanish war veterans are among the men enlisted. ***** Glace bay that a meeting was held in London yesterday by the backers of Marconi for the purpose of changing the charter of the English company with a view to expanding its business by enlarging its field of operations and getting more power.
